

JACOB WISEMAN

Elkview, WV | [linkedin.com/in/jacob20](https://www.linkedin.com/in/jacob20)

SUMMARY

Entry-level IT professional pursuing a Bachelor of Science in Information Technology, with CompTIA A+ and Network+ certifications and a background in customer service, data accuracy, and troubleshooting. Comfortable learning new systems quickly, communicating clearly with both technical and non-technical people, and staying calm under pressure in fast-paced environments. Seeking a full-time entry-level role in IT support, help desk, or a related technical position.

SKILLS

Technical troubleshooting | Hardware & software support | Networking fundamentals (TCP/IP, LAN/WAN) | Operating systems (Windows & macOS) | Help desk support | Data entry & accuracy | Customer service | HIPAA & regulatory compliance | Problem solving | Team collaboration | Time management | Attention to detail | Adaptability | Documentation & reporting

EXPERIENCE

CEO / Founder Feb 2025 - Present

HyperFrame Technologies, Elkview, WV

- Founded and run a small technology company, overseeing daily operations from the ground up.
- Guide products from initial concept through launch, testing ideas before rolling them out to users.
- Handle budgeting, vendor coordination, and compliance as the sole operator of the business.
- Gained practical, hands-on experience making technical decisions and seeing how they affect real users.

Registration Specialist Aug 2025 - Aug 2026

WVU Medicine, South Charleston, WV

- Registered new patients and collected demographic and insurance information, keeping records accurate and complete.
- Verified insurance coverage and reviewed documentation for accuracy before patient appointments.
- Answered questions from patients, families, and staff about registration, accounts, and payment issues.
- Handled protected health information daily while staying compliant with HIPAA regulations.

Barista Jun 2024 - Feb 2025

Target, South Charleston, WV

- Prepared beverages to order while keeping the coffee station and dining area clean and organized.
- Helped customers choose products and answered questions to support their purchasing decisions.
- Worked with teammates to keep service moving efficiently during busy periods.
- Processed cash and card transactions accurately at the register.

Training Manager Mar 2022 - Apr 2024

Taco Bell, Elkview, WV

- Identified skill gaps among crew members and built training plans to close them.
- Trained new team members on procedures, food safety standards, and customer service expectations.
- Resolved customer concerns quickly to keep operations running smoothly during peak hours.
- Assisted with inventory tracking and stock replenishment.
